

The age of technology can never replace the up close, personal and hands on opportunities you and your students will experience this year at **ME's Zoo**. Come visit central Indiana's only two white Siberian tigers, Bobbi and Masai.

**ME's Zoo** announces our **2003 School Group Season** beginning **April 22nd**. This year we have added special programs for our school groups. Students will meet Paul Cross, our animal curator, who will educate and entertain people of all ages. Our ANIMAL ENCOUNTER Area will showcase animals as well as our wooded park. The **educational programs** for school groups will be daily at **9:45 am, 10:45, 11:45 and 12:45**.

Our on-going theme at **ME's Zoo** is **"Continuing the Dream"** in memory of Max (the "M" in ME's Zoo). It was his dream that founded this unique, private zoo and because of him we are trying extremely hard to continue his dream. One of Max's most enjoyable parts of the zoo was when it was filled with the laughter of children. That is why it is always a pleasure for us to have your school group visiting **ME's Zoo**.

As always **ME's Zoo** is expecting new babies this season for our guests to view and pet. Some students may even have the opportunity to bottle feed our new baby animals. Everyday we have staff members bring out some of our special animals for a closer look, here students will be able to interact and learn more about these animals. We also suggest you take advantage of our picnic and playground areas (for both small and larger children) to make your visit more enjoyable.

During the months of April, May and June many school groups visit **ME's Zoo**. Make your reservations today. To make your visit a more pleasurable experience call 765-468-8559 or email your reservation to **meszoo.com** click on school group reservations. Special rates for large school groups are available.

Help us **"Continue the Dream"**, looking forward to your visit this season at **ME's Zoo**. We thank you for your continued patronage.

Sincerely,

Eileen & Kimberly Oren  
and the **ME's Zoo** staff and animals
